Why Fit a Camera System?

- Improve safety for both drivers and road users
- Eliminate blind spots
- Meet health and safety regulations
- Provide legal evidence in the case of accidents
- Save money by protecting yourself against fraudulent motoring claims
- Increase productivity by speeding up claims to get your vehicles back on the road and your business running smoothly

VIRTUS FLEET — The TITANS

The TITANS by Virtus Fleet are the only forward-facing, tamper-proof witness cameras you'll need for your fleet operations.

The 165° ultra-wide viewing angle allows an unparalleled view of the road ahead and up to 6 weeks of event retention means that important recordings are there when you need them.

The Titans are rich and feature-filled witness cameras. High quality video protected by encryption and password protection, coupled with variable bit-rate recording and in-built format free technology. This ensures that your data is both safe and accurate.

Direct Vision Standard

The Direct Vision Standard is a new legislation designed to eliminate all deaths and serious injuries on London's transport network by 2041.

Based on a star-rating system, it measures how much a HGV driver can see directly through their cab windows. This indicates the level of risk to vulnerable road users, such as people walking and cycling, near the vehicle.

What is the Safe System?

- Class V Mirror
- Class VI Mirror
- Side Under Run Protection
- External Pictorial Stickers and Markings
- A Sensor System
- Audible Vehicle Manoeuvring Warning
- Camera Monitoring System

If your vehicle does not meet the minimum DVS star rating by 1st March 2021, you will need to make your vehicle safer by fitting it with Safe System improvements.

Daltec can help you keep your vehicles on the road and your business running smoothly.

If you require further information on the new Direct Vision Standard we're here to help.

VIRTUS FLEET ADAS SYSTEM

Stop accidents before they happen with Virtus Fleet's Advanced Driver Assistance System (ADAS).

When the ADAS camera detects a potential risk the system will voice-alert the driver to take actions. The DMS camera will also identify the driver's behaviour, such as fatigue, distracted driving, smoking, making telephone calls, drinking water and not wearing a seat belt. It will also verify the driver's identity via the face recognition algorithm.

Front-Facing 4G ADAS System

- Forward collision warning
- Headway motoring warning
- Lane departure warning
- Pedestrian alert

Driver-Facing DMS Camera

- Closed-eyes detection
- Yawning detection
- Smoking detection
- Phone calling detection

Vehicle Safety

No matter what size your vehicle is, we have a wide range of safety products that can help even the largest of vehicles manoeuvre and park with safety and ease.

We have front and rear flush parking sensors in numerous colours, along with helpful visual displays and accessories to suit any vehicle requirements.

Our vehicle safety products

- **Alarmalight**
  Designed to improve safety when reversing or in other dangerous situations.
- **Obstacle Detection**
  Ultrasonic sensor systems to warn drivers and cyclists
- **Parking Sensors**
  A range of brands to suit your vehicle
- **Warning Alarms**
  Can alert drivers, cyclists and pedestrians.

For the larger vehicle or HGV we have superb obstacle detection systems. Specifically designed to be a warning system not only for the driver, but also to make cyclists aware of a turning vehicle.

These can also be paired with our audible and speaking alarms, which provide a vital step forward in vehicle safety.

Whatever you requirements, call our team today for information and customer support.

DETECTION SYSTEMS

Autowatch Ultrasonic Front Corner Scan

D-SEN-01311

- Ultrasonic front corner detection system
- Increase driver awareness
- Decrease accident & injury
- Reduce the vehicle's blind spot

When the vehicle speed is below 10mph and is within 600mm of an obstacle the visual display will activate, alerting the driver to a potential collision. When the obstacle is within 300mm and audible tone is emitted as a final warning

Autowatch Ultrasonic Side Scan

D-SEN-01923

- Ultrasonic side detection system
- Increase driver awareness
- Decrease accident & injury
- Reduce the vehicle's blind spot
- Detection range up to 800mm

If an obstacle or pedestrian is within 800mm at low speed, a colour coded visual warning will display within the vehicle, with an audible warning activating when the hazard is closer than 400mm

Vehicle Security

Unfortunately vehicle crime is a common occurrence and partly why our insurance premiums are as high as they are.

Vehicle security is a very important issue for everyone, especially commercial companies with big fleets. Alarms, locks and tracking devices are all measures you can take to prevent this crime.

Thatcham approved security devices can be anything from a car alarm to a stolen vehicle locator.

We sell Thatcham Approved Cobra alarms and Smartrack tracking devices, as well as all the sophisticated van locks from TVL you will need.

Using any of these security measures could even help bring your insurance premiums down.

What is Thatcham?

- Thatcham Research has been at the forefront of vehicle security since the 1990s. It introduced the New Vehicle Security Assessment (NVSA) to address levels of vehicle crime and launched the Thatcham Categories for alarm and immobiliser systems. This is now established as an industry benchmark providing reassurance around the functionality and design of the security product.

TVL VAN LOCKS

TVL SlamLock

- SlamLocks have been used in the industry for many years and are still the product of choice for customers who require doors to be automatically locked on door closure, completely reducing the chance of theft from leaving the door unlocked.

Vehicle Compatibility:

Citroën, Fiat, Ford, Hyundai, ISUZU, IVECO, LDV, MAN, Mercedes-Benz, Nissan, Peugeot, Renault, Toyota, Vauxhall, Volkswagen

TVL Deadlock

- Operated by a high security key, the deadlock is a secondary mortise lock that acts independently to the manufactures locking system. It works by throwing a dead bolt into a specially designed keep by turning the key, enabling optimum vehicle security.

Vehicle Compatibility:

Citroën, Fiat, Ford, Hyundai, IVECO, LDV, MAN, Mercedes-Benz, Nissan, Peugeot, Renault, SAIC, Toyota, Vauxhall, Volkswagen

VAN LOCKS

TVL RepLock

- A direct replacement high security cylinder that prevents thieves from picking the driver's door lock to gain access to the vehicle. TVL's unique, high security door lock replaces the OE lock and requires no drilling or adjusting of the OE mechanism setup.

Vehicle Compatibility:
Ford

TVL Ignition Guard

- The Ignition Guard by TVL works by securing the ignition barrel to the roll bar behind the dashboard by anti-tamper fixings, preventing it from being disconnected from the vehicle wiring system.

Vehicle Compatibility:
Mercedes-Benz, Volkswagen

TVL CATLOC

- The CATLOC by TVL is a vehicle specific solution to secure the catalytic converter/ diesel particulate filter (DPF) from being removed. The CATLOC plate system reinforces the manufacturers fixing points to stop the exhaust system from being removed.

Vehicle Compatibility:
Citroën, Fiat, Ford, IVECO, MAN, Mercedes-Benz, Nissan, Peugeot, Renault, Toyota, Vauxhall, Volkswagen

VAN LOCKS

TVL PedalBox

- The PedalBox is a high security lockable box designed and developed to offer maximum protection against vehicle theft by blocking access to all of the vehicles pedal controls. Constructed from high grade steel and then finished with a high visibility yellow durable powder coat, the PedalBox can easily be seen from outside the vehicle even in low light.

Vehicle Compatibility:
Citroën, Fiat, Ford, IVECO, LDV, MAN, Mercedes-Benz, Nissan, Peugeot, Renault, Toyota, Vauxhall, Volkswagen

TVL ECU Guard

- The ECU Guard is a unique shield which protects the vehicles ECU (Electronic Control Unit) under the bonnet. This stops thieves unplugging your ECU from which they can connect their own matched key, unlocking all the doors and disengaging any factory/ aftermarket CANBus alarms.

Vehicle Compatibility:
MAN, Mercedes-Benz, Volkswagen

TVL ODB Immobiliser

- This passively armed, OBD Port Electronic Immobiliser disarms both Can-bus feeds to the OBD port upon turning off the ignition.

  The OBD Port is re-activated by passing a uniquely coded transponder, in the form of a card, across a hidden receptor that only the vehicle owner knows where it is located.

  The transponder code can be registered via **Secure My Code** if desired.

Heated Seats

Each heater has three settings, high, low and off (Dual Temperature Control System). An electronic thermostat, built into each pad, regulates the electricity and temperature circulating within the carbon fibre heating pad.

This system regulates the flow of power and maintains a narrower temperature range whether in a high or low setting.

Hands-free Kits

In the UK, using your mobile phone whilst driving is illegal, dangerous and can come with severe roadside penalties.

Drivers can receive a three point penalty on their licence, as well as a fine if caught using a mobile phone whilst driving a motor vehicle.

So avoid the penalties and stay safe at the wheel with our range of Bluetooth® hands-free car kits.

Features of our Hands-free Kits

- Bluetooth®*
- DialogPlus voice control*
- Touchscreen*
- Magic Word activation*
- Multi-point function*
- Text-to-speech*
- Voice dialling
- Contacts display*
- DAB/DAB+*
- Battery charging function*
- TFT Touchscreen*
- Voice tags

*Specific products only

With extremely accurate and rapid reaction word recognition without voice training, make and answer calls whilst keeping your eyes on the road.

Discreet and unobtrusive, you can use voice tags for easy dialling, stream music, have your messages read and even have two phones connected simultaneously.

Our Bluetooth® hands-free kit options consist of Bury and Pioneer products. Both highly recommended in their category.

Tow-Trust Towbars

Daltec are now official resellers of Tow-Trust Towbars.

Tow-Trust Towbars Ltd are one of the UK's largest manufacturers of towbars and towing accessories. The company has set about forging a strong reputation amongst the trade for supplying the highest quality products.

From commercial fleets to the private motorist who

drives to the tip once a month, the demands of a quality towbar are relatively simple: that it is safe, fits the vehicle well, looks good, and does the job it was intended to do.

All of Tow-Trust Towbars and accessories are e-coated, offering an industry leading 1200 hour salt spray test certificate. This is around 10 times more durable than standard powder coated products supplied by other UK & European manufacturers.

Fast-Fit Open Wiring Grommets

Options available

- Fast and easy fit open wiring grommets
- Z2 rated self-extinguishing
- PVC construction
- Waterproof

To fit hole size 20mm: 100-FFOG-100-1
To fit hole size 25mm: 100-FFOG-100-2

Indoor Brass Cable Glands

Options available

- Pack includes brass gland, shroud, earthing nut and lock ring
- Conforms to BS 6121 part 1:2005 with an IP rating of IP30
- Operating temperature -80°C to +300°C

Size BW20S, IP30: 100-IBCG-100-1
Size BW20, IP30: 100-IBCG-100-2
Size BW25, IP30: 100-IBCG-100-3
Size BW32, IP30: 100-IBCG-100-4

Outdoor Brass Cable Glands

Options available

- Pack includes brass gland, shroud, earthing nut and lock ring
- Conforms to BS 6121 part 1:2005 with an IP rating of IP66
- Operating temperature -20°C to +80°C

TAPE

PVC Insulation Tape

Options available

- Black electrical insulation for all wire and cable joints and repairs
- For indoor and outdoor applications

19mm x 20m: 100-PVC-20M-B
19mm x 33m: 100-PVC-19-33M-B
50mm x 33m: 100-PVC-50-33M-B

Rayon Harness Tape

Options available

- Black, woven cloth, self-amalgamating tape
- Used for minor splicing of electrical cables
- Designed for the application of wrapping cables and wire harnesses in the automotive industry
- Provides good corrosion and abrasion resistance

19mm x 10m: 100-SAT-10M-19
19mm x 25m: 100-SAT-25M-19
9mm x 25m: 100-RHT-9-25M-B
19mm x 25m: 100-RHT-19-25M-B

Aluminium Foil Tape

100-ALUM-1

- Has all the qualities of aluminium but also has an adhesive that is long lasting
- Used for thermal conductivity
- Moisture and chemical resistance, heat and light reflectance, flame resistance and weather resistance

TAPE

Double Sided Foam Tape

Options available

- Excellent insulating properties
- Suits a range of uses and purposes
- Perfect for air sealing, anti-vibration, thermal insulation, dust sealing and gap filling

6mm 10m:	100-DSFT-10M-1
9mm 10m:	100-DSFT-10M-2

UV Resistant Masking Tape

TAPE

Masking Paper

100-BMT-180M-1

- Genuine 50gsm HWS grade masking kraft paper
- New design, formulated with water-based paints in mind
- Suitable for water based and solvent based paints.

Gaffer Tape

100-GT-50M-1

- Heavy, pressure-sensitive tape
- Strong adhesive and tensile properties
- Widely used in many applications and industries

Black And Yellow Anti-Slip Tape

100-AST-BY-1

- Anti-slip tape, increases the friction between a worker's shoes and the ground's surface
- Helps prevent slipping and injury

Parcel Tape

Options available

- Brown acrylic parcel and packing tape
- Designed to provide a reliable solution for packing and sealing cartons
- Also available in clear with 'FRAGILE' print

Brown Parcel Tape: 100-BPT-66M-1
'Fragile' Parcel Tape: 100-FRAG-66MM-1

TAPE

Parcel Tape Gun

100-PTG-1

- For fast and efficient carton sealing and waste reduction
- Comfortable grip for prolonged use

Hazard Tape

Options available

- Adhesive hazard warning tape
- Available in black & yellow and red & white
- Size: 50mm x 33m

Black and Yellow: 100-HT-BY-1
Red and White: 100-HT-RW-1

Silicone Tape

Options available

- Flexible, durable, waterproof, and insulating
- Permanent bond, but leaves no residue behind when removed
- Available in black or red

Black: 100-ST-3M-B
Red: 100-ST-3M-R

VELCRO®

Options available

- VELCRO® branded
- Hook and loop reels available
- Size: 20mm x 25m
- Black only

Hook: 100-VEH-25M-1
Loop: 100-VEL-25M-1

TAPE

Mirror Pads

100-MIRR-50-1

- Double sided mirror pads
- Foam tape with acrylic glue
- Size: 40mm x 28mm
- Pack of 50

Number Plate Pads

100-NPP-25M-1

- Double sided number plate pads
- Foam tape with acrylic glue
- Size: 75mm x 25mm
- Pack of 50

ADHESIVES AND SOLVENTS

Araldite Epoxy Resin D-CON-23608

- Strong, long lasting solvent-free solution
- Easy to apply
- Water resistant and fast setting

Araldite Epoxy Syringe D-CON-23609

- Double syringe
- Strong, long lasting solvent-free solution
- Easy to apply
- Water resistant and fast setting

Silicone Sealant Options available

- High quality
- Stays elastic after curing
- Excellent resistance to chemicals and UV radiation

Black: D-CON-00475
White: D-CON-00476
Clear: D-CON-00477

Silicone Gun D-CON-00001

- 11 inch silicone gun
- Lightweight
- Robust
- Suitable for use with 300ml tubes

Gasket Compound D-CON-00470

- Non-hardening
- Wide operating temperature range
- Fuel resistant
- 100g

Gasket Compound D-CON-23626

- Semi-hardening
- Improved gap filling
- Resistant to steam and automotive fluids
- 40ml

Clear Gasket Compound D-CON-23606

- Engineering grade gasket sealer
- Remains flexible, will not shrink
- Resists most solvents
- Electrical insulator
- 85g

Schutz Underseal D-CON-23623

- Fine-textured, fast-drying bitumen based product
- Excellent rust protection
- Suitable for all lower-body panels
- Flexible when dry

ADHESIVES AND SOLVENTS

Silicone Sealant D-CON-23624

- Instant gasket
- High Temperature 300°C
- Suitable for catalytic converters, rocker covers, oil pans etc.
- 200ml

Sealant Remover D-CON-23625

- Removes all types of sealant
- Harmless to most surrounding surfaces
- 100ml

Exhaust Paste Options available

- Water-based
- Pressure and temperature resistant
- Lubricates joints during fitting

140g: D-CON-00476

500g: D-CON-00477

Exhaust Putty D-CON-23619

- For leak-proof exhaust systems
- Withstands up to 1000°c
- Asbestos free
- 250g

Body Filler D-CON-23615

- Lightweight body filler
- Easy to sand
- High elasticity
- Talc-free
- 600ml

Body Filler (Glass fibres) D-CON-23616

- Hard filler
- With added glass fibres
- Easy application
- Strong bond
- 600ml

Scraper/Filler Set D-CON-23620

- High quality and corrosion resistant
- Easy clean polished steel blades
- Soft-grip handles
- 50mm, 75mm and 100mm

Filler Spreaders (Black) D-CON-23621

- Reusable
- Leaves a smooth finish
- For use with body fillers, resins, putties etc.
- 70mm x 106mm

ADHESIVES AND SOLVENTS

Rear Mirror Bonder D-CON-00488

- Rear view mirror bonder
- Super high strength
- Fast curing
- No white residue

Instant Nails D-CON-23613

- Solvent-free
- Fast adhesion
- Dries white
- Will adhere to damp surfaces
- Over-paintable

Double Bubble Epoxy D-CON-23614

- Bonds to concrete, stone, wood, glass, metals etc.
- Fills gaps
- Fast setting
- Solvent-free
- Includes stick & pallet

Metal Polish D-CON-23627

- 11 inch silicone gun
- Lightweight
- Robust
- Suitable for use with 300ml tubes

Grinding Paste D-CON-23628

- Specially formulated for grinding automotive valves
- Coarse and fine at either end
- 110g

Grinding Sticks D-CON-23629

- Small valve grinding stick
- Suction cups 19mm & 22mm

Filler and Panel Adhesive

Options available

- High primerless adhesion on many materials
- Excellent weather resistance
- Stays elastic after curing
- Suitable for over-painting

Black: D-CON-23610 **White:** D-CON-23611 **Grey:** D-CON-23612

AEROSOLS

Brake Parts Cleaner 400ml

D-CON-00478

- Removes brake dust, oil and grease
- Protects against rust and corrosion
- Leaves no residue
- Apply without dismantling parts
- Helps prevent brake squeal

Electrical Cleaner 400ml

D-CON-00481

- Highly efficient general purpose cleaning solvent
- Low toxicity formulation leaves no residue
- Will not corrode metal components
- Safe to use on most plastic or fibres
- Anti-Static

Glass Cleaner 400ml

D-CON-23655

- Fast action
- Non-smear
- Instant shine
- Fast action

Alloy Wheel Cleaner 400ml

D-CON-00482

- Removes stubborn marks left by brake dust
- Will not damage coatings, lacquers or tyres
- Fast acting foaming action
- Spray nozzle

AEROSOLS

Carburettor Cleaner 400ml

D-CON-23661

- Cleans all fuel system components
- Removes carbon and general grime
- Improves engine performance
- Improves fuel efficiency

Engine Degreaser 400ml

D-CON-23659

- Formulated to provide ultimate performance
- Fast acting formulation
- Removes oil, grease and grime from engines

Graffiti Remover 400ml

D-CON-23651

- Easy removal or most common forms of graffiti
- May be used for cleaning in confined areas
- Effective on brick, concrete, stonework, glass and plastic

Label Remover 400ml

D-CON-00472

- Penetrate rapidly
- Safely remove adhesive residue
- Hydrocarbon cleaner
- Safe on most plastics

AEROSOLS

Hylo-Clean 400ml

D-CON-23648

- Removes used Hylomar jointing compound
- Highly effective
- Leaves no residue
- Evaporates quickly
- Perfect for cleaning and degreasing surfaces
- Removes uncured anaerobic, solvents, silicone and epoxy products

Foam Upholstery Cleaner 400ml

D-CON-23656

- Multi-purpose foaming cleaner
- Removes everyday dirt and grime materials
- Can also be used as a hard surface cleaner

Battery Terminal Cleaner & Protector 400ml

D-CON-23656

- Cleaner and protective coating for batteries
- Eliminate the potentially corrosive effects of battery acid
- Increases efficiency by reducing terminal resistance

Air Con Sanitiser 'Bombs' 90ml

D-CON-23658

- Deep cleaning air-con treatment
- Cleans, sanitises and deodorises
- Eliminates odours
- Destroys mildew, fungi and bacteria
- Fast, effective and simple to use

AEROSOLS

Air Duster 400ml

D-CON-00471

- Removes dirt and debris
- Leaves no residue
- Suitable for delicates
- Safe on electronics
- Flammable

Dash & Vinyl Polish (Scented) 400ml

Options available

- Enhances new and used vehicles
- Instant shine
- Easy to use

Strawberry: D-CON-23654
Bubblegum: D-CON-23653
Apple: D-CON-23652

Multi-Purpose Polish 400ml

D-CON-23657

- For use on any waterproof surface
- Fast, effective and simple to use
- Shines finishes such as wood, tiles, vinyl, plastics, paint-work and metals

Foaming Tyre Shine 400ml

D-CON-23664

- Foaming tyre dressing
- Simple one step application
- Restores a lasting sheen to tyre walls

AEROSOLS

White Grease with PTFE 400ml

D-CON-00482

- Resistant to water, heat and salt
- Ideal for brake linkages, gear, hinges and door latches etc.
- Protects against corrosion
- Contains PTFE

Copper Grease Spray 400ml

D-CON-23631

- Eliminates seizure
- Lasting lubricant for metal parts
- Penetrates chains, hinges and locks
- Effective up to 1200°

Clear Grease Spray 400ml

D-CON-23632

- Resistant to water, heat and salt
- Ideal for brake linkages, gears, hinges, door latches
- Protects against corrosion
- Anti-fling properties

Chain and Cable Lubricant 400ml

D-CON-23634

- Provides saltwater protection (prevents rusting)
- Extends chain life
- Excellent penetrating and lubricating properties
- Anti-fling properties

AEROSOLS

Dry Film Lubricant 400ml

D-CON-23635

- Contains PTFE for use in hi-tech applications
- Dry, clear film lubricant
- Repels moisture and resists most acids and alkalis
- Non-staining

Service Lubricant 400ml

D-CON-23637

- Easy to apply
- Eliminates squeaks
- Clean, stable lubricant
- Long-lasting protection

WD40 400ml

D-CON-02042

- Multi use
- Protects from rust and corrosion
- Penetrates stuck parts
- Displaces moisture
- Lubricates

GT85 Maintenance Lubricant

D-CON-23638

- Loosens rusted parts
- Prevents squeaking
- PTFE formula helps lubricate
- Drives out moisture from electrical systems
- Fast acting cleaner
- Versatile and easy to use

AEROSOLS

Silicon Spray 400ml

D-CON-00479

- Ideal for use on metal, plastic, vinyl, rubber and wood
- Uses include mould releasing and lubrication
- Lubricates slides, bearings, conveyors etc.
- Effective at temperatures up to 180c

Drilling and Tapping Spray 400ml

D-CON-00487

- Reduces heat and prolongs tool life
- Speeds up drilling, cutting and tapping operations
- Reduces friction and drag
- Prevents galling

Belt Dressing 400ml

D-CON-23633

- Helps to keep belts clean and in good condition
- Lengthens belt life
- Reduces slippage and improves grip in wet or dry conditions

Penetrating Maintenance Oil 400ml

D-CON-23630

- High specification multi-purpose penetrating spray
- Provides lasting protection
- Contains PTFE as standard
- 360° Valve (LS12)
- Resistant to water

AEROSOLS

Graphited Penetrating Maintenance Oil 400ml

D-CON-23636

- Low viscosity high penetrating spray
- Contains a residual lubricant
- 360° Valve (LS12)
- Rapidly frees seized nuts
- Helps protect against further corrosion

Wax/Oil Rustproofing

D-CON-00473

- Superb blend of oils, waxes, corrosion inhibitors and dewatering agents
- Heavy duty rust preventative
- Displaces moisture
- Heat resistant film
- Silicone-free

Spray Adhesive 400ml

D-CON-02031

- Heavy duty
- High strength bond
- Will bond most materials
- Resistant to damp and moisture
- Non chlorinated

Engine Start (Quick Start) 400ml

D-CON-23663

- High specification multi-purpose penetrating spray
- Provides lasting protection
- 360° Valve (LS12)
- Protects car switch gear
- Resistant to water
- Contains PTFE as standard

AEROSOLS

Butane Gas 400ml

D-CON-01292

- Suitable for refillable soldering irons, blow lamps and cigarette lighters
- High quality butane
- Flammable

Colour Paint Sprays 400ml

Options available

- Tough and durable acrylic formulation
- Industrial paint formulation
- Protects most substrates
- Tough durable coating
- Fast drying
- **High temp black** paint Withstands temperatures up to 650°C

Matt Black:	D-CON-23644
Satin Black:	D-CON-23639
Gloss Black:	D-CON-00484
Gloss White:	D-CON-23645
High Temp Black:	D-CON-23643

Black Stone Chip Paint 400ml

D-CON-23647

- Flexible corrosion and chip resistant coating for lower body car panels
- Excellent sound deadening qualities
- When dry, can be painted on with nitrocellulose, acrylic or synthetic paint

AEROSOLS

Silver Alloy Wheel Paint 400ml

D-CON-00485

- Resists brake dust, cleaning chemicals, road salt etc.
- Resistant to cracking and flaking
- Simple to apply and quick drying

Primer Paints 400ml

Options available

- Provides maximum protection
- Durable finish with enhanced coverage
- Spray directly onto many rigid plastic surfaces
- May be used with cellulose paints

White Primer: D-CON-23646 **Grey Primer:** D-CON-23640

Red Oxide Primer Paint 400ml

D-CON-23642

- Provides maximum protection
- Compatible with all types of paint
- Can be applied to bare metal
- Tough durable coating

Zinc Galvanising Paint 400ml

D-CON-23641

- Protects welds on bare metal and galvanised surfaces
- Protects against corrosion on pipes and steel fabrications
- Compatible with acrylic and cellulose paint

AEROSOLS

Survey Marker Paint - Yellow 750ml

D-CON-00489

- Blend of high quality pigments, resins and fast drying solvents
- Touch dry in 30 minutes
- Suitable for most surfaces inside and out
- Quick, easy and accurate marking

Air Freshener - Cranberry 750ml

D-CON-23649

- Heavy-duty air freshener
- Cranberry - extra scented

Air Freshener - Bubblegum 750ml

D-CON-23650

- Heavy-duty air freshener
- Bubblegum - extra scented

VIRTUS FLEET FACE MASKS

It's just as important to wear a mask properly as it is to wear one at all.

A poorly constructed mask can slide down your face and expose you nose, or ride up above your chin, creating gaps.

The Virtus Fleet face mask has a mouldable nose wire, adjustable ear loops and an under chin gusset that creates a good seal against the skin. As well being made from 3 layers of breathable cotton, it also has a inner pocket for the use of filters if required.

Virtus Fleet 3 Layer Reusable Face Mask

D-CON-22570

- 3D design for full-face coverage
- Comfortable fit with breathable material
- Washable and reusable
- Adjustable ear straps
- Nose crimp and chin gusset for a secure fit
- Inner pocket for filter if required

Please note:
This mask is not designed for medical use
